

Graph the Shapes

Look at the I Spy shapes page. Every time you see an object with one of the shapes, color a square. See which shape has the most!

Graph the Shapes Data

Answer these questions using the graph on the previous page.

1. Which shape had the most?

2. Which shape had the least?

3. Which shapes had the same amount?

4. How many more spheres are there than cubes?

5. Which is your favorite shape?
