The clip art is from the following:

The Nest

Sam saw a nest in the tree. He wanted to see if the nest had eggs. Sam jumped high, but he couldn't see inside of the nest. His dad lifted him up and he saw three blue eggs. They were so tiny! He looked at the eggs every day.

One day, he saw eggshells in the nest. The birds had hatched! He was happy, but he would miss looking at the nest.

1. How many eggs were in the nest?

- a. 4
- b. 3
- c. 5
- d. 7

2. How did Sam see the eggs?

- a. he stood on a chair
- b. he jumped high
- c. his dad lifted him up
- d. he stood on a ladder

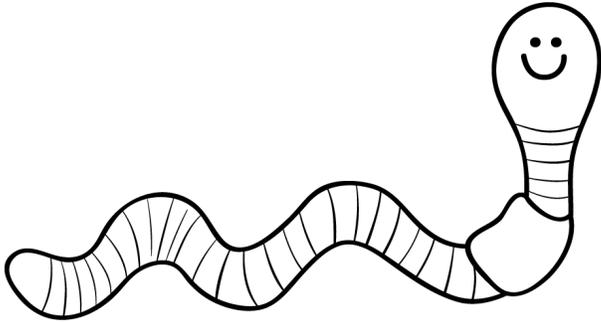

3. Where was the nest?

- a. in a tree
- b. on a roof
- c. by his garage
- d. in his treehouse

4. Why do you think Sam was happy?

Wesley Worm

Wesley was a happy worm. He lived in the dirt with his family. He was pink and had smooth, slimy skin.

He loved to dig tunnels and eat the dirt! When it rained, he wiggled to the water.

His favorite thing was watching children splash in the puddles.

1. What was Wesley Worm's favorite thing to do?

- a. play in the dirt
- b. splash in the puddles
- c. eat dirt
- d. watch children splash in the puddles

2. Where did he live?

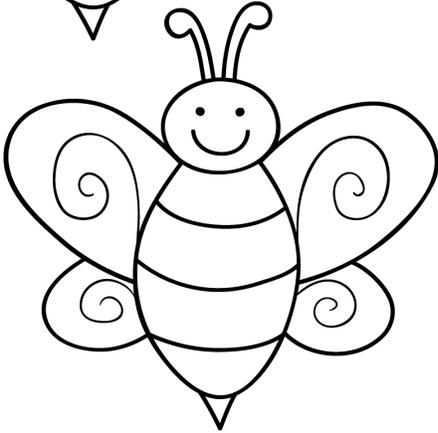

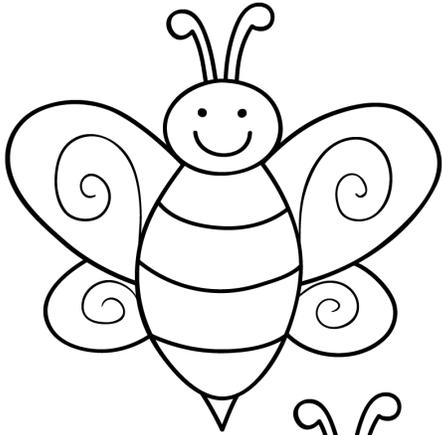

- a. in the dirt
- b. in the puddles
- c. in a tree
- d. in a jar

3. What did he eat?

- a. tree bark
- b. sand
- c. food scraps
- d. dirt

4. Draw what you think Wesley Worm looked like.

Busy Bees

Bees are always busy! They collect nectar and pollen on flowers. After they have as much as they can carry, they fly back to the hive.

They feed some of the nectar and pollen to the baby bees and to the queen. The bees turn most of it into honey! The only time they sleep is when it gets dark. They are very busy bees!

1. Where do bees collect nectar and pollen?

- a. in the hive
- b. on flowers
- c. in the grass
- d. from people

2. What do the bees make?

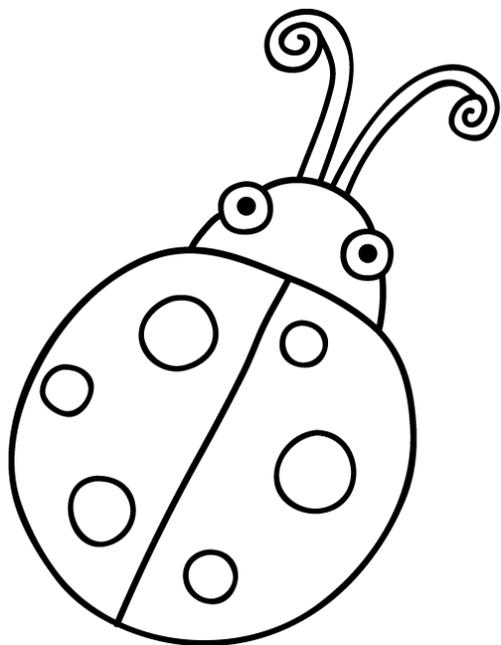

- a. wax
- b. ice cream
- c. syrup
- d. honey

3. Do bees sleep?

- a. yes
- b. no

4. Why are bees busy?

Little Ladybugs

Little ladybugs crawl everywhere. You might find them in a garden, on flowers, or on the sidewalk.

They eat tiny insects called aphids. Aphids harm plants, so ladybugs are helping plants when they eat them.

Ladybugs are bright colors, such as red, orange, and yellow. They also have black spots. Ladybugs are very important insects!

1. What color are ladybugs?

- a. red
- b. orange
- c. yellow
- d. all of the above

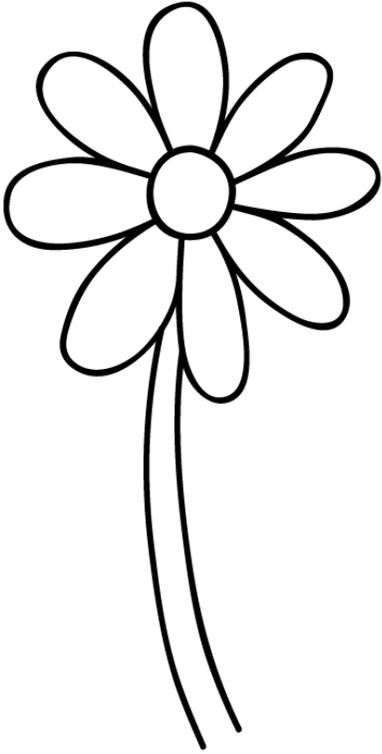

2. What do ladybugs eat?

- a. flies
- b. aphids
- c. bees
- d. plants

3. Where can you find ladybugs?

4. How are ladybugs helpful?

Flowers

When spring comes, flowers start to bloom. Flowers have 5 main parts. They have roots, a stem, leaves, seeds, and petals.

A flower needs soil, water, air, and sunlight to grow. When the seeds from the flower are planted, more flowers grow!

Planting flowers helps the Earth and makes people happy!

1. When do flowers start to bloom?

- a. winter
- b. spring
- c. summer
- d. fall

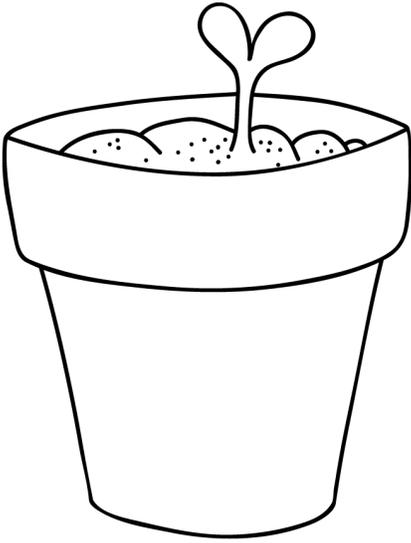

2. How do more flowers grow?

- a. rain
- b. magic
- c. bees
- d. seeds

3. What four things do flowers need?

4. Why do flowers make people happy?

The Plant

Sally wants to grow a plant. She begins with planting a seed in a pot. Sally waters her pot everyday.

First, she gets her watering can. Next, she fills it with water. Then, she goes outside to the pot. Finally, she waters her plant.

She is very proud of her plant and can't wait for it to grow!

1. What is she watering?

- a. her garden
- b. the lawn
- c. a tree
- d. a seed in a pot

2. Who is the main character?

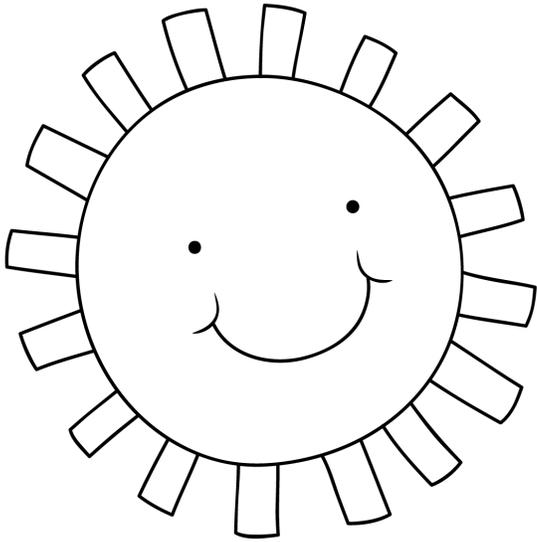

- a. Susie
- b. Jane
- c. Sally
- d. Mei

3. When does she need to water it?

- a. every day
- b. once a week
- c. twice a day
- d. once a month

4. What kind of plant do you think she is growing?

Time for Spring

It had been a long winter. When spring finally came, José was excited to go for a walk!

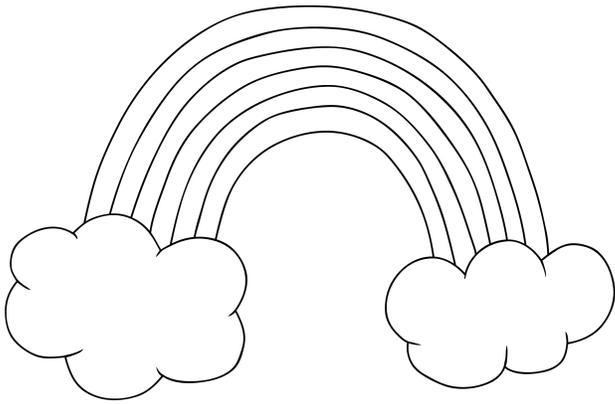

He saw lots of little creatures on his walk. The bunnies, birds, and caterpillars made him happy.

José smelled the fresh air and felt the warm sunlight. He even saw flowers blooming!

José was so happy spring was finally here!

<p>3. Is this story fiction or nonfiction?</p> <ul style="list-style-type: none">a. fictionb. nonfiction	<p>4. Why do you think José was happy?</p> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

Rainbows

Rainbows are so beautiful! You can sometimes see a rainbow after a rainstorm. You can also find them in waterfalls and fountains.

A rainbow is made when light shines through water. Light from the sun looks white. It is actually different colors.

When the light passes through the rain, it bends and allows us to see the other colors. There are seven colors of a rainbow: red, orange, yellow, green, blue, indigo, and violet.

1. When can you see a rainbow?

- a. before a rainstorm
- b. during a tornado
- c. after a rainstorm
- d. on a sunny day

2. Which color is NOT in the rainbow?

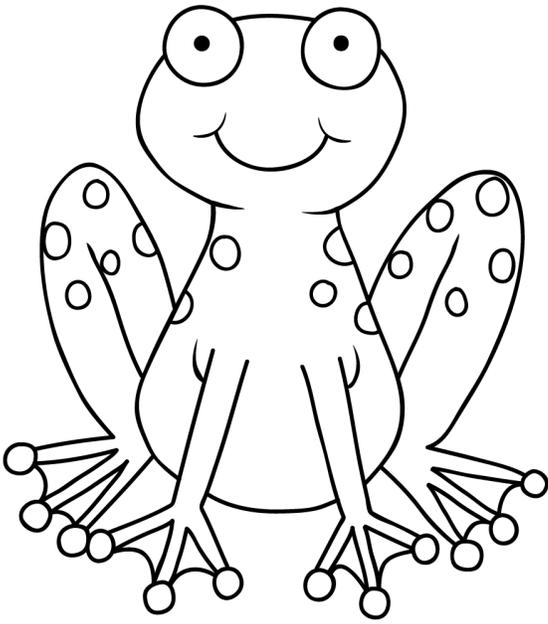

- a. red
- b. green
- c. yellow
- d. pink

3. True or False. A rainbow is made when light shines through water.

- a. true
- b. false

4. Do you like rainbows? Why or why not?

Freddy Frog

Freddy Frog was not like other frogs. His frog friends lived in the pond. Freddy lived in a tree!

His friends ate flies. Freddy ate worms! His friends hopped on lily pads. Freddy swam laps in the pond! His friends croaked. Freddy sang silly songs!

Freddy did not care what other frogs thought of him. He liked being himself and doing things that made him happy.

1. Where did Freddy live?

- a. in the pond
- b. in a hole
- c. in a tree
- d. in the grass

2. What did Freddy do when his friends hopped on lily pads?

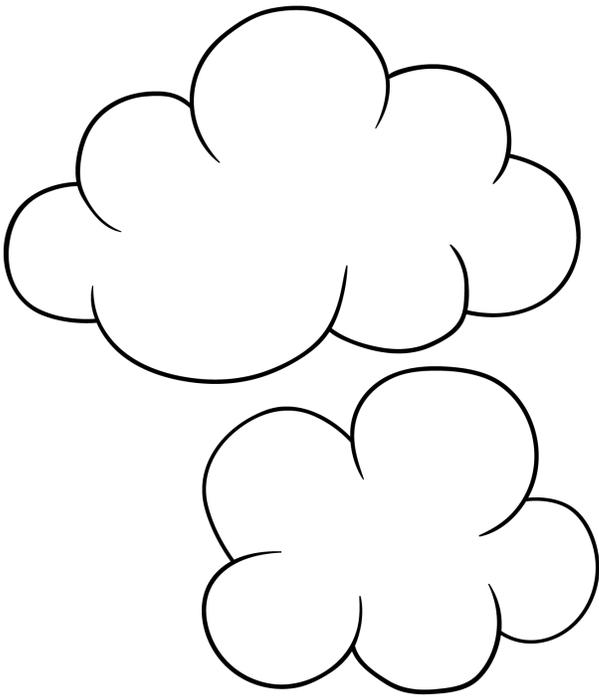

- a. hopped with them
- b. swam laps
- c. hid under lily pads
- d. took a nap

3. Is this story fiction or nonfiction?

- a. fiction
- b. nonfiction

4. Why was Freddy different?

Clouds

The clouds can tell you a lot! Look up in the sky. Are the clouds puffy and white? If so, it will be a sunny day.

Are the clouds thin? Is the sky dark? Then it could be a rainy or gloomy day.

If you see dark clouds that are piled up high, it could mean a rainstorm is coming! Clouds are fun to look at. The next time you are outside, make sure to look at the clouds!

1. What do puffy white clouds mean?

- a. stormy day
- b. gloomy day
- c. rainy day
- d. sunny day

2. What do dark clouds piled up high mean?

- a. a storm is coming
- b. a tornado is coming
- c. a hurricane is coming
- d. a rainbow is coming

3. What do thin clouds mean?

- a. gloomy and rainy day
- b. sunny day
- c. cloudy day
- d. stormy day

4. Which type of clouds do you like?
