The clip art used in this printable is from the following:

Directions for printing the booklets:

1. Print the pages on copy paper. Make sure to choose 'actual size' and 'print on both sides of paper' in the printer settings.
2. Cut across the horizontal line on each page.
3. Fold each piece in half and put the booklet together.
4. Look at the page numbers to make sure the pages are in order.
5. Staple on the fold.

Let's Talk About Teeth

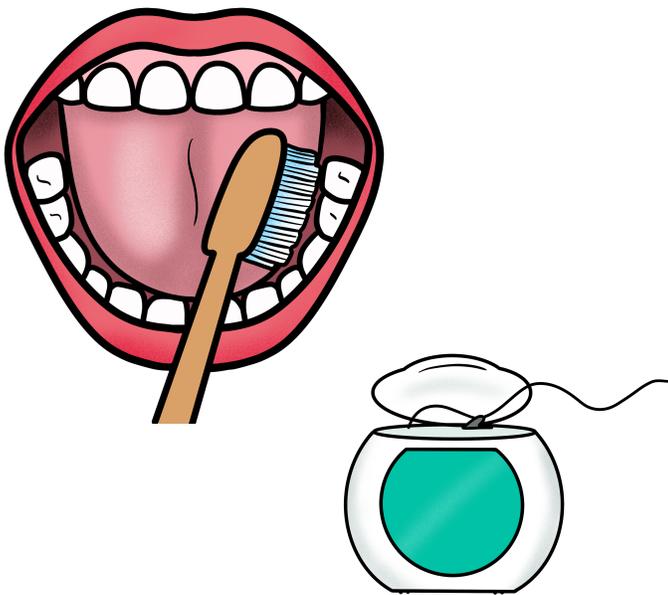

Count your teeth.
How many teeth
do you have?

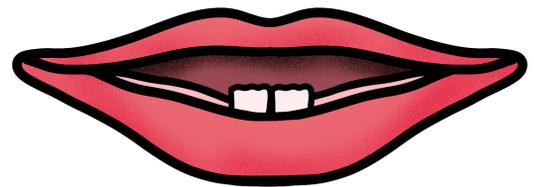

Name:

© teachingmama.org

7

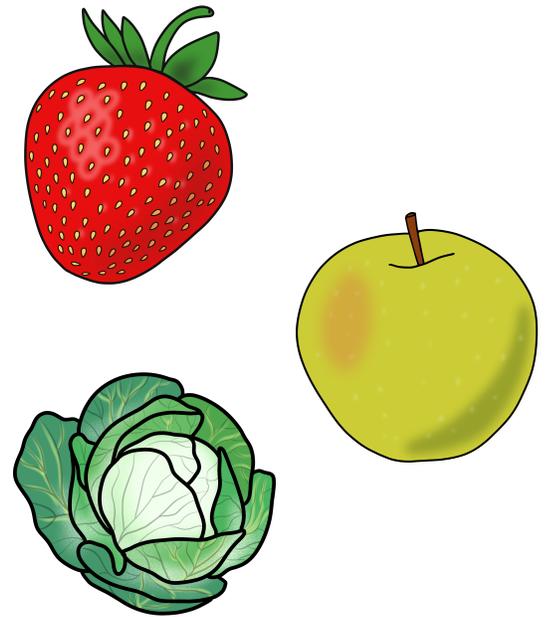

To take care of your teeth,
make sure you brush and floss
your teeth every day.

Each person gets two sets
of teeth. By age 3 or 4, you
will have 20 baby teeth.

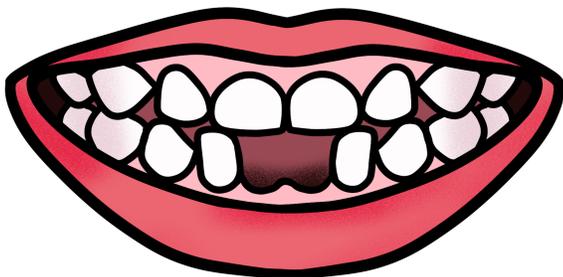

5

2

Teeth are so important!
They help us talk, eat, and
smile!

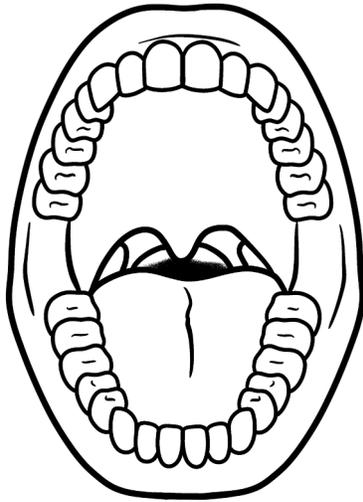

Also eat healthy foods and
visit the dentist for cleanings.

As you grow older, your
baby teeth will fall out and
you will get 32
permanent teeth.

We need to take good
care of our teeth!
Sometimes our teeth get
cavities, and we need the
dentist to help us.
