Notes:

Pages 2-3 are number cards. Use these number cards with all of the games. The matching games include finger counting, popsicle sticks, counters, and base ten blocks.

Directions:

1. Print the pages on card stock paper. You may want to print on colored paper so you can't see through the cards.
2. Cut out the cards.
3. Decide which game you want to play and mix up those cards (i.e.: if I'm doing the popsicle sticks, I would mix up the number cards and the popsicle stick cards.) Place them face down.
4. Have the child choose two cards. If they match, keep the cards and draw again. If they don't match, lay the cards back down.
5. The person with the most matches at the end of the game is the winner.
