## Money War Game Directions

1. Divide the cards evenly into piles. Make sure the cards are face-down.
2. At the same time, flip over the top card.
3. Compare the amounts. The person with the higher amount of money wins and keeps the cards.
4. If the two players have the same amount, you get to declare "war." This means you set out three of your cards and flip over the fourth card on top. Whoever has the higher amount gets to keep all of the cards.
5. The person with all the cards is the winner.
